Subject: Planning objection to 2023/90668 Grange Moor Coachwork's WF44DR

Sent from my iPhone. Further to your letter of 12 June 2024 with regard to the above, I note that there have been no significant changes to the content of the application that would make my previous objection to this application obsolete. I would therefore wish to reiterate my previous objection to this application, in that the proposed development is clearly inappropriate development in the green belt and there are no "very special circumstances" that would outweigh the harm to the green belt should this scheme be approved, given that the current situation is unauthorised and that the alleged "benefits" of the proposed development are unclear and cannot be guaranteed, either through conditions or planning obligations. Kind regards
