<p>The fence is there for privacy and to keep the young children and dog safe from the busy road as well as unwanted attention. Oak Rd is extremely busy with traffic and all a young family want to do is protect their children by securing them in the garden. Having a smaller wall could potentially cause a hazard as one of the children could climb over and into the busy road and God forbid with the alley way a child molester reaches over and harms one of the innocent children.</p> <p>There are many other houses on Oak Road that have enclosed gardens at the front, this is at the side and causes no obstruction to traffic or residents.</p>
