Subject: Extension 2023/90789
Date: 03 May 2023 19:55:10

Good Evening

I am writing regarding the extension on 16, Bromley Road, Birkby, Huddersfield, HD2 2XR.

I am a neighbour with my back garden facing towards their house. I am strongly against this extension as it will block all sunlight that comes towards my garden. I have been

and I regularly like to sit and walk in my back garden. This has helped

especially during those periods that were

I rely on my garden for

and believe when I do not have that sunshine shining in it will

. I have

and feel that I should not have to walk around on

the streets and nearby area if I am wanting some rays of sunshine, especially when I have a

reasonable sized garden to sit it. To top all this off I also have

, and when we

have those minimal hours of sunlight during the dread winter months, we will not be able to get that either.

So, I strongly advise for that house not to get an extension as it is selfish and will really impact

other houses nearby. We have all been living in these houses for years and it isn't just myself

that rely on the glorious sunshine we receive at the back. I also have an elderly neighbour who is unable to leave his house and he also enjoys the sunshine we get.

Not only this, it will most definitely be an eyesore and will look like a mismatch of buildings meshed together.

I hope you take this email seriously and deny 16 Bromley Road, Birkby, Huddersfield permission to build their extension. If you would like to discuss any further matters with myself, please do not hesitate to contact myself.

Kind regards,
