<p>We are residents on the lane that would service this new development. The lane is narrow, with no passing places and exits onto Abbey Road, opposite the new development access for Tailor's Green. Traffic on Abbey Road can be heavy and will only get worse when Tailor's Green is fully occupied. Turning into the lane when approaching from the village is already hazardous, as is turning out of the lane, particularly going right towards Huddersfield. Additionally, the disruption a development on the lane would make to the current residents would be significant and would make the access and egress even more hazardous.</p> <p>The land on which the new build is being proposed is green belt and, with the development at Tailor's Green (27 new homes) and further up the village Knowle Grange (min 28 new homes, phase 1), together with that in Skelmanthorpe, Weavers Place (189 new homes), the argument for not enough housing in Shepley and environs is not relevant.</p>
