<p>The proposed buildings are on designated greenbelt which is contrary to the national planning guidelines. We should not be building on green belt when so much other land is available to develop.</p> <p>The current building of two estates in the vicinity are good examples and the planning application flies in the face of this.</p> <p>Further, the access to the proposed site makes no provision for the passing of vehicles and would likely lead to vehicles needing to reverse out onto the main road which is a busy and fast A road.</p>
