Re: Japanese Knotweed remediation works at the above address

Clients instructions:

To monitor excavation works to remove several stands of Japanese Knotweed and all viable rhizomes.

Dear Omar

As requested confirmation letter.

Weedtec were instructed to oversee the excavation of Japanese knotweed at the above address two loads were removed to a licensed land fill site by Kar Skip Hire who have provided waste transfer tickets.

The excavated area has been cleared of all Knotweed rhizomes and treated with a residual herbicide.

Kind Regards

Andrew Lee
