Subject: RE: Prospect House Huddersfield Ltd

Katie

For 4 apartments your looking at 180lts x 4 so 720lts so probably 1x 1100lts residual and 1x 1100lts Recycling but a store big enough to accept another bin would be useful. It looks like the store has 8 bins so I'm guessing 2 x 240lts per apartment
All the other stuff is in the Design guide e.g. screening, fire risk (although it is close to the fire station), security, surfaces etc
You've see all these before
If you want anything for more formal let me know

Best Regards

Mike
