It is my understanding that all planning applications must be publicised by law. There are zero notifictations or signage regarding this application anywhere within the immediate vacinity of the building. I was only aware of this application as I happened to be looking for school application process and noticed it that it appeared in my Kirklees. Kirkless does usually provide this information on lamp posts, but these documents have either never been attached or have been removed. This application could have an impact on a number of the adjacent and other surrounding properties in the immediate area, so proper notification must be publically shown to ensure that everyone is aware.
