Subject: Dead tree removal request

Good afternoon,

I write to ask permission to remove a dead tree from my garden. It was fine up until the recent frost and snow. Since then it has turned brown and the branches are sagging. I am keen to resolve this quite soon so it doesn't deteriorate into a dangerous state.

We are prepared to replace with a deciduous tree if necessary but would like to bring to your attention that we had four trees added last year (please see plan).

I joined the online planning portal last night to send an application but the advice was not to do this if a tree was dead or diseased.

I look forward to hearing from you. Attached are photos and a garden plan for your information.

Best wishes

James Dane
