

Appendix A – Climate Change Statement

Climate Change Statement for Planning Applications

Part 1: Applicant details

Name of applicant/agent	Mr & Mrs Murdoch
Site Address	20 Portal Crescent Mirfield WF14 0JJ
Description of Development	Proposed first floor side & rear extensions

Part 2: Climate Change Mitigation measures

Please respond to the following questions considering the measures set out in the Climate Change Guidance note:
Q1: What measures have been/will be taken to reduce the energy demand associated with your proposed development beyond the minimum required in Building Regulations? (See section 2)
Increased insulation thicknesses. New first floor construction to be fully insulated. Existing/original flat roof insulation spec current when house was built.
Q2: What measures have been/will be taken to limit the carbon consumed through the implementation and construction processes, e.g. by reusing existing on-site materials or sourcing materials locally? (See section 3)
Materials to be sourced from local suppliers / merchants.
Q3: What measures have been/will be taken to utilise renewable or low carbon energy sources? (See section 4)
LED downlighters.

Q4: What measures have been/will be taken to ensure the building design and layout has been optimised to energy efficiency beyond the minimum requirements in Part L of the Building Regulations ? (See section 5)

The extension is to the rear of the property and designed / positioned and therefore orientated accordingly.

Nominal window opening sizes. No rooflights.

Q5: What measures have been/will be taken to reduce potential impacts of flooding associated with your proposed development? (See section 6)

n/a – First Floor extension. Existing surface water outlets/points retained.

Q6: What measures have been/will be taken to reduce water stress associated with your proposed development? (e.g. Water retention and minimisation measures) (See sections 7 and 8)

n/a – First Floor extension. Existing surface water outlets/points retained.

Q7: What measures have been/will be taken to provide biodiversity net gains? (See section 8)

n/a – First Floor extension. Existing garden to remain.

Q8: What measures have been/will be taken to reduce air pollution associated with your proposed development? (See section 9)

Local contractors and suppliers to be used.
