<p>There is no way the access road to accommodate these houses is able to take the extra traffic. The road already has cars parked on both sides of the road for the houses there already (they have no where else to park) There are a lot of children live down there and play out so it would add extra concern with 144 + more vehicles up and down there multiple times a day.</p> <p>The building vehicles will not get down Darley road without causing problems/damage. Some houses will lose the views which will knock value of there houses which is not good.</p>
