<p>I find it utterly unbelievable that this is still even being considered. 77 houses with no proper access road? This will equate to at least 100+ cars daily using the narrow and heavily residential Ripley and Darley roads to gain access. Where will the new 150+ children go to school, dentist or doctors? All services in the area are already hugely oversubscribed. The hedgerows and field pasture that they will remove are teeming with wildlife that will all be destroyed. The contingency plans to preserve the wildlife despite the destruction of such a large area of natural habitat are an insult to the intelligence of us locals.</p>
