<p>I object to the building of 77 houses on the proposed land which would result in the destruction of woodland and green areas which are currently home to lots of wildlife, situated on a green belt, heritage trail, and connects to the greenway and Jo Cox memorial garden. It's important to protect these heritage trails the little green areas we have. Darley Road is likely to become increasingly congested and Primrose Lane may also be utilised as a cut through to the new development, causing much more congestion and traffic in the area.</p>
