<p>I strongly object to the planning application for 77 dwellings to be erected off Darley Road / Primrose Lane.</p> <p>This is already a heavy populated area , the impact of 77 additional dwellings adding circa 100 vehicles passing through Darley Road will massively produce so much more air pollution impacting particularly on childrens health and well being . Their ability to happily play outside will be removed due to the danger posed by passing cars/ vans.</p> <p>There is not enough parking for existing residents on Darley Road and the only exit on to Halifax Raod is hazzardous to say the least.</p> <p>The building work will result in the destruction of the surrounding natural enviroment and the habitat of an abundance of wildlife.</p> <p>Potential flooding once the natural drainage has been removed is also a massive risk.</p> <p>All in all I fear the ersion of these additional homes will have such a negative impact on the existing residents on Darley road and a massive decrease in their quality of life.</p> <p>Can that be ok ???</p>
