<p>I continue to stand by my original objections about using Darley Road as a main access route into the new dwellings. The road is not wide enough to allow access for the additional vehicles from the new dwellings and most definitely not for the access to plant vehicles during the building of the properties.</p> <p>Again my main concerns are:</p> <ul style="list-style-type: none">* Access via Darley Road not only the road into the estate but the difficulties exiting from Darley Road into the main Halifax Road due to car parking on the main road which curves and prevents clear views to leave the road* Pollution for all residents in the area of the new dwellings* Lack of Doctors, Schools and Dentists in the area with no additional provision to support such a large number of additional residents* No thought given to other access routes such as Primrose Lane and Lower Hall
