<p>As a resident on the Darley Road Estate, my main concern about this new development is the repercussion of the amount of traffic going through the access road to the new houses. The road is barely able to withstand the cars that belong to residents on the current estate due to the volume of vehicles and double parking, without having to accommodate further vehicles and also large trucks containing building materials.</p> <p>The current estate houses many families with young children, myself including, and i feel using this route as an access road is detrimental to the safety of these children due to the large amount of traffic through such a small and built up area.</p>
