<p>I have many reason for the objection of this planning application</p> <ul style="list-style-type: none">- taking away more green land and trees, the current characteristics of the area are peaceful, greenland as far as the eye can see, wildlife and mature trees all of which will be disturb if this goes ahead,- the site used to be the home of Stanley Colliery, surely this will affect the land and possibly even the surrounding housing if anything was to collapse- traffic, as someone who lives on denby close and has to pass through darley road on a daily basis, Darley road is already over populated with traffic, and cars parked so you can only just get through, adding another 100+ cars to this is absurd,- also looking at the plan it looks like the footpath currently used by many up the side of denby close upto lower hall is going to be blocked off, this is used many- putting a high fence around the proposed houses will be an eye sore- the houses proposed do not blend in with the characteristic of the area
