<p>I strongly believe this build should not go ahead. I live on darley road where the access point will be, and I have chose to live here because of the minimal traffic that goes by. I chose to live here because it's quiet, only walkers and bike riders come down the street, as well as existing residents. There is already a parking issue on the road and making it in in to an access round will cause issues for everyone that lives on the street. Also with the street been a dead end and not much traffic, a lot of children play on the street and its (quite) a safe place for them. Making it an access road for the building then for the new residents makes Darley Road a danger point for young children</p>
