<p>I live in Robertown. Our roads are small this development would make the whole surrounding area busy. We already have hundreds of houses build on Huddersfield Road. You need to stop allowing houses to be built on green fields, destroying habitat of local wildlife. Please re consider and try and find disused brown land for houses. It is going to destroy a beautiful area of green fields, These house will not be for local people as they will be unaffordable they will be bought by commuters . Please stop and think</p>
