<p>I find this application for 67 homes ridiculous. Ripley road and darly close are already rammend with parked cars due lack of parking facilities. How are the site traffic supposed to park, how is the heavy vehicle volume to the site going to get to site on what is already a tight road. Children in the area are at risk from highr volume of tradfic not been able to play. Traffic betwwen 8am and 9am and 2:30pm and 3:30pm bot far from site is already depressing without adding site traffic, plus when complete that is also potentially 134 more cars in already tight spot. I use the footpath and primrose lane alot to access the greenway in dry weather the dust and boise from site will affect peoples dally comute or exercises on the greenway.</p>
