<p>I would like to object to this housing proposal.</p> <p>This is more green land which is visually appealing to the locals that would be swallowed up by more housing. This will have a negative effect on the character of the area.</p> <p>The local areas traffic is already congested with the current housing estates and local schools and the roads are dangerous during school rush hour times.</p> <p>The local schools are already full to bursting so how could the area support another 67 homes.</p> <p>Doctors appointments are already hard to come by, which is a major concern already, the impact of this housing would increase this concern.</p> <p>The plan also looks like it will take up a well trodden access path which links Bradford Road and Halifax road, reducing walking routes for the local community.</p> <p>The neighbouring properties will have their view change from green land to a housing estate.</p>
