

About the application

Application number: 2023/91116	
What is the application for?:	Erection of 67 dwellings
Address of the site or building:	Land off, Primrose Lane, Hightown, Liversedge, WF15
Postcode:	BD19 5LQ

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>If this application is authorised the volume of traffic will be both unsafe and unmanageable . Ripley road and Darley road already experience problems at peak times and adding in excess of an extra hundred vehicles to this situation is madness . In winter time residents at the bottom of Darley Road have to park at the top of Ripley road to exit the estate , extra traffic will cause a massive problem especially to the many children walking to Headlands school. The proposed access and egress to this site is a route that is already congested with parked cars , (The survey suggests not). But I can assure you as a resident of many years it is . I fully understand the need for extra housing but not at the expense of the safety of children playing out and walking to school . As this is a one way in and out to and from Halifax Road the extra pollution caused by queuing vehicles is bound to have detrimental impact on the health of the surrounding residents and environment . The access for the emergency services will be severely compromised should these plans go ahead. All of these points add up to a massive detrimental impact on the existing residents health , safety , and mental well-being .</p>
