<p>Whilst this site sits outside the green belt perimeter set by Kirklees in the 2016 local plan, it is wholly unacceptable if this planning application is approved.</p> <p>Too much of this local area is being swallowed up. You can't even tell where one town or village stops and the next starts now.</p> <p>I have concerns about the landscape detriment, local wildlife and biodiversity, flooding, traffic, school capacity etc. as mentioned in many other objections.</p> <p>There are plenty of other brownfield sites available in the area that could be developed instead to provide affordable housing and improve the aesthetics of the area.</p> <p>Kirklees council continue to allow new homes on green land whilst allowing town centres such as Batley, Heckmondwike etc to decay. This is just wrong and needs to stop.</p> <p>There is no logical reason to build in this site.</p>
