Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>A beautiful part of the Historic Spen Valley should be saved from development and alternative land sourced. The current infrastructure struggles to accommodate the volume of traffic and queues at traffic lights is already long enough and that is without the full impact of the new houses at Robinson's Place and warehouses on the main A62 and new houses by the Marsh in Cleckheaton.</p> <p>Not to mention the impact on nature including the bats and hedge rows.</p> <p>Using green belt sites baffles me when there are many other sites - save England and utilise brown sites or at least less beautiful parts.</p>
