<p>This simply cannot go ahead as it is not feasible in any shape or form. The devastation this will inflict upon the local wildlife is immeasurable for starters and ruin such a beautiful part of our lovely area that we are all blessed to live in and enjoy thoroughly. My second major concern is the ludicrous planned "access road" via Darley Road! I assume the money obsessed, fat cat directors and chairmen of this company have already paid a visit to Darley Road over a weekend to see how tight it already is to get down the road as it now, and seen how many vehicles line the road on both sides? It is already well over crowded and to be honest difficult to see the on coming traffic which often results in commuters having to back up and/or take avoiding action. Obviously it goes without saying that increasing the number of vehicles is only going to make things more treacherous for all of our residents and I haven't even mentioned yet about the huge danger this increase in traffic will pose to the vast amount of young children that live here and enjoy themselves and are building relationships with each other on a daily basis. For me there's no doubt that this should be rejected by all parties and common sense prevail over greed for a few big wigs.</p> <p>Regard,</p>
