<p>Dear Sirs, I would like to register my objection to the plans which are being proposed in the field between Darley Road, Liversedge and Primrose Lane.</p> <p>I purchased my property on Denby Close for the lovely open aspect to the rear. Now with this monstrous development I will no longer enjoy views over open fields but row upon row of houses!</p> <p>But this is not my main objection to this development, which is quite frankly far too large for the site. It's because of these factors.....</p> <p>Congestion, the planned access road is not suitable for high volumes of traffic. There are already problems getting out on to Halifax Road at peak times. Darley Road is already an extremely busy road, especially when there are parked cars on both sides, effectively reducing the width to single file traffic only. So how on earth will they manage to get the heavy plant equipment onto the site??</p> <p>We have limited parking spaces on Denby Close, I would presume there will be many contractors needed on site, where will they park during construction??</p> <p>The doctors, dentists and schools in the area are already oversubscribed, so where does the council expect all these new residents will go to use the services they require??</p> <p>Of course, this development will generate extra revenue for the council by way of extra council tax payments but at what cost to the environment and the well-being of the current residents in the immediate area.</p> <p>I am not a NIMBY, but this is the wrong plan in the wrong area.</p> <p>I'm sure if the council wanted to provide more houses for people in the area, they could find a far more suitable site!!!</p>
