<p>The access to this site is through Ripley and Darley road. Darley road has very heavy traffic already and building another 67 houses to you it will cause Major problems.</p> <ol style="list-style-type: none">1. The junction with Ripley road and Darley road is a very tight corner and only room for 1 car at a time2. the give way lines were put across the middle of Ripley road instead of at the end of Darley road, allowing cars to speed along Darley road and onto Ripley road without slowing.3. Exit from Ripley road onto Halifax road is hazardous at the best of times, impossible at times to see traffic coming down Halifax road for parked cars. A mirror is required on the building opposite to assist with this. I read there have been no accidents at the junction but I see near misses every week its only a matter of time.
