<p>As a local resident, dog walker and horse rider, I can only reiterate the concerns that the previous objectors have raised.</p> <p>The environmental impact will be huge; with both flora and fauna being detrimentally affected, as well as the whole ambience of what is a semi rural enclave being destroyed.</p> <p>The increase in traffic on the narrow access roads and beyond will cause even more queues, if not accidents, where the existing infrastructure is already struggling to cope. Unfortunately this land should never have been placed on the mismanaged LDP years ago by the real perpetrators - Kirklees Council - who ignore brown field eyesores in favour of green spaces to allow building developments. I really hope that someone there sees sense!</p>
