<p>I object to the site of 67 dwellings as its an over development of a site the location isn't easily accessible it would course more harm to residents living around the site due to access.</p> <p>The apartment block and dwellings wouldn't fit into the landscape as it's surrounded by fields and forms part of a bridal way which is heritage trail. An is also a public footpath which would prevent public rights of way.</p> <p>The road around the site is 5.5 metres wide a road must be 6 metres wide for a turning point . Some driveways are on corners an face drives opposite.</p> <p>The building of the dwellings and an adding more residents to the area would have a massive negative impact on the existing residents. Which I feel the negatives outweigh the positives due to location and access green belt land wildlife</p>
