Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
I am concerned that the site is much larger than previously submitted and that mature trees have been cut down and local wild life destroyed. I am also concerned about light pollution from the number of lights proposed. This will also adversly affect the immediate environment and wild life. The site will not be as it was originally proposed and will not be in keeping with the local area. Several things that were originally proposed (I believe, children's bushcraft and a community garden) are not happening. However the site is,I believe being occupied.
