Application for tree works: works to trees subject to a tree preservation order (TPO) and/or notification of proposed works to trees in a conservation area.

## Town and Country Planning Act 1990

You can complete and submit this form electronically via the Planning Portal by visiting [www.planningportal.gov.uk/apply](http://www.planningportal.gov.uk/apply)

### Publication of applications on planning authority websites

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website. If you require any further clarification, please contact the Authority's planning department.

Please complete using block capitals and black ink.

You must use this form if you are applying for work to trees protected by a tree preservation order (TPO). (You may also use it to give notice of works to trees in a conservation area).

It is important that you read the accompanying guidance notes before filling in the form. Without the correct information, your application / notice cannot proceed.

### 5. What Are You Applying For?

Are you seeking consent for works to tree(s) subject to a TPO? ☒ Yes ☐ No

Are you wishing to carry out works to tree(s) in a conservation area? ☒ Yes ☐ No

### 6. Tree Preservation Order Details

If you know which TPO protects the tree(s), enter its title or number below.

### 7. Identification Of Tree(s) And Description Of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).

Please provide the following information below : tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

*E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.*

Application request to crown / thin the highlighted trees by 30% plus.  
Application request to crown lift the highlighted trees by 5 meters and more.

The trees are posing a hazzard to 34 Edgerton Road. The roof of the proerty has over 50% coverage with mould / moss and mildew and has the long term risk to cause damp and roof damage. The moss has grown over the last few months as the trees are not allowing through light, air and sunshine / heat. In addition to this the ground gutters outside the property on Sunnyside are blocked / covered with leaves and twiggs all year round.

## 7. Identification Of Tree(s) And Description Of Works continued ...

There are also signs of mould coverage on the ground surface which is posing a slip hazard to children and the vulnerable visiting the property. This is a result of the lack of light being penetrated through the overhanging branches, tree debris and by fallen leaves and branches. I am having the ground cleaned frequently but due to the lack of light there is re-growth.

I am having to spend significant amount of monies to clear the external gutters to the property which seem to be blocked all year round due to falling leaves, debris, branches and sticky sap. This is causing unnecessary damage to the gutters and also costing significant amounts of money to clean and carry out remedial works when gutters collapse/do not drain due to the blockage.

The broken branches are falling onto the drive which is causing damage to parked vehicles. In addition to this the sticky sap dripping onto parked cars is difficult to clean and can pose a hazard during driving.

With the extreme weather we are experiencing, snow, gales, rain, etc. there is a worry of fallen trees / dead branches causing damage to the property.

I have identified the trees on the hand drawn map as: Tree1 / Tree2 / Tree3 / Tree4 / Tree5+6+7+8 are all one bunch. I am unsure if these trees have a TPO or not.

\*\*\*Please accept my apologies as I am unable to identify the tree type or the specific tree name. I have asked a couple of tree surgeons however they are charging excessive amounts to identify the trees\*\*\*. I think they are all conifer trees.

Please could you support me with my application as I am not familiar with how to complete this.

## 8. Trees - Additional Information

Additional information may be attached to electronic communications or provided separately in paper format.

### For all trees

A sketch plan clearly showing the position of trees listed in Question 7 must be provided when applying for works to trees covered by a TPO. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes). It would also be helpful if you provided details of any advice given on site by an LPA officer.

### For works to trees covered by a TPO

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application must be accompanied by the necessary evidence to support your proposals. (See guidance notes for further details)

1. **Condition of the tree(s)** - e.g. it is diseased or you have fears that it might break or fall:

If YES, you are required to provide written arboricultural advice or other diagnostic information from an appropriate expert.

☐ Yes

☒ No

2. **Alleged damage to property** - e.g. subsidence or damage to drains or drives.

If YES, you are required to provide for:

☐ Yes

☒ No

#### *Subsidence*

A report by an engineer or surveyor, to include a description of damage, vegetation, monitoring data, soil, roots and repair proposals. Also a report from an arboriculturist to support the tree work proposals.

#### *Other structural damage (e.g. drains, walls and hard surfaces)*

Written technical evidence from an appropriate expert, including description of damage and possible solutions.

### Documents and plans (for any tree)

Are you providing separate information (e.g. an additional schedule of work for Question 7)?

☒ Yes

☒ No

If YES, please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application. If they are being provided separately from this form, please detail how they are being submitted.

Attached are photographs of the overhanging trees / roof covered with mould

## 9. Authority Employee / Member

With respect to the Authority, I am:

- (a) a member of staff      (c) related to a member of staff  
(b) an elected member      (d) related to an elected member

Do any of these statements apply to you?

☐ Yes

☒ No

If Yes, please provide details of the name, relationship and role

## 10. Application For Tree Works - Checklist

Only one copy of the application form and additional information (Question 8) is required. Please use the guidance and this checklist to make sure that this form has been completed correctly and that all relevant information is submitted. Please note that failure to supply precise and detailed information may result in your application being rejected or delayed. You do not need to fill out this section, but it may help you to submit a valid form.

### Sketch Plan

- A sketch plan showing the location of all trees (see Question 8)

### For all trees

(see Question 7)

- Clear identification of the trees concerned
- A full and clear specification of the works to be carried out

### For works to trees protected by a TPO

(see Question 7)

Have you:

- stated reasons for the proposed works?
- provided evidence in support of the stated reasons? in particular:
  - if your reasons relate to the condition of the tree(s) - written evidence from an appropriate expert
  - if you are alleging subsidence damage - a report by an appropriate engineer or surveyor and one from an arboriculturist.
  - in respect of other structural damage - written technical evidence
- included all other information listed in Question 8?

## 11. Declaration - Trees

I/we hereby apply for planning permission/consent as described in this form and the accompanying plans/drawings and additional information. I/we confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them.
