<p>I would like to object to this Application on the grounds of insufficient information being provided to the public and their advisors.</p> <p>The Phase 1 Report for this proposed Application was made in March 2022. At this time it was for a layout of 25 houses with 5 Affordable Houses.</p> <p>This official Application is dated 21st April 2023 and was for a different layout of 16 houses with no Affordable houses. Public comments on this plan were allowed until June 2023.</p> <p>At a "Transport" meeting between "the Council " and Optima / Orion Homes in July 2023 , the builders revealed yet another plan with a totally different layout for 21 homes with 4 Affordable homes. No minutes have been provided from this Meeting and no reasons given for the change of layout etc. Local residents were informed of this change on 13th October , but the only new information provided to date is a new , very basic Layout Diagram attached to the modified Transport Report relating to the 16 house plan.</p> <p>Despite this lack of information , residents have been asked to comment on this new scheme by 2nd November. This is a ridiculous request in view of the lack of detailed information provided to date.</p> <p>This application should be withdrawn and a new Application submitted containing the necessary relevant information</p>
