Prow welcomes the new footpath to the definitive footpath at the rear of the development, and are pleased that this is shown as a 2.5 metre width. This link will provide a good connection to the existing prow network. We would look for this link to be secured as part of any adoption of the development.

If consent is granted please add the following footnote :-

FOOTNOTE Public footpath Holmfirth 91 is adjacent to the development site and must not be interfered with or obstructed, prior to, during or after development works.
