Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>I wish to object to the proposed planning application.</p> <p>I've read all of the upload documentation, some of which I believe to be misleading, i.e the transport report. I've also read all of the other 57 comment sheets and I have to agree with every single point raised. Likewise the concerns highlighted by the 6 original objection emails which the developer received as stated in the "Statement of Community Involvement" report. I do not wish to reiterate all of these issues on my sheet but provide my support for the objections.</p> <p>This is a greenfield site and unbelievably it was highlighted as part of the Kirklees development plan 2019, therefore I do not have much confidence that Kirklees will refuse this planning application. However I do hope they will enforce the concerns of the local residents. If it does go ahead then the design of this development should be changed as it is not in keeping with the surrounding area. The plots are a generic design and the whole development would be an eyesore on the landscape, not to mention the other issues around infrastructure etc. My major concern would be that the area will attract other developers which will ruin Holmbridge.</p>
