<p>I object to this application because of the large first floor window and balcony on the northern elevation. I feel this would adversely affect the privacy of neighbouring properties.</p> <p>When previous plans for this property were approved it was stipulated that no additional doors and windows could be added so that the privacy of the neighbours was preserved. The proposed window and balcony would be far more intrusive than those permitted under the previous plans.</p> <p>I would also ask that restrictions relating to hours of work and noise are applied to this planning application</p>
