

**KIRKLEES METROPOLITAN COUNCIL
INVESTMENT & REGENERATION SERVICE**

DEVELOPMENT MANAGEMENT

Town and Country Planning Act 1990 (as amended) – SECTION 70

DELEGATED DECISION TO DETERMINE PLANNING APPLICATIONS

Reference No:	2023/62/91270/E
Site Address:	Meadow Cottage, West View, Scholes, Cleckheaton, BD19 6EE
Description:	Erection of two storey side extension
Recommending Officer:	Jennifer Booth

DECISION – Conditional Full Permission

I hereby authorise the approval of this application for the reasons set out in the officer's report and recommendation annexed below in respect of the above matter.

Sarah Longbottom

AUTHORISED OFFICER

Date: 13-Jul-2023

OFFICER REPORT

Site Description

Meadow Cottage is an end terrace of stone and rendered construction with a porch on the front and dormers at the rear. The property has gardens to the front and rear with parking and outbuildings to the side.

The dwelling backs onto outbuildings with a similar dwelling attached to the south side, fields to the north side and facing onto a large garden area for a neighbouring property.

Description of Proposal

The applicant is seeking permission for a two storey side extension.

The extension would be set back 0.5m from the front wall with a projection of 3.2m and a depth of 5.2m with a set down pitched roof form.

The ground floor walls would be constructed using stone with the upper floor rendered to match the main house.

Relevant Planning History

2007/90106 - erection of two storey extension - refused and dismissed at appeal

2008/93286 - dormer extension - approved

2011/90315 variation of condition for roofing materials - refused

2012/90274 - NMA for 2008/93286 - approved

Representations

The application was advertised by neighbour letters, which expired on 16/06/2023.

As a result of the above publicity, no representations have been received.

Consultation Responses

None

Policy

Section 38(6) of the Planning and Compulsory Purchase Act 2004 requires that planning applications are determined in accordance with the Development Plan unless material considerations indicate otherwise. The

statutory Development Plan for Kirklees is the Local Plan (adopted 27th February 2019).

The house is situated on land which is UNALLOCATED on the Kirklees Local Plan Proposals Map. However, the land to the side where the extension is proposed is allocated as Green Belt on the Kirklees Local Plan Proposals Map

On 12th November 2019, the Council adopted a target for achieving 'net zero' carbon emissions by 2038, with an accompanying carbon budget set by the Tyndall Centre for Climate Change Research. National Planning Policy includes a requirement to promote carbon reduction and enhance resilience to climate change through the planning system and these principles have been incorporated into the formulation of Local Plan policies. The Local Plan predates the declaration of a climate emergency and the net zero carbon target; however, it includes a series of policies which are used to assess the suitability of planning applications in the context of climate change. When determining planning applications, the Council will use the relevant Local Plan policies and guidance documents to embed the climate change agenda.

Kirklees Local Plan Policies

- **LP 1** – Achieving sustainable development
- **LP 2** – Place shaping
- **LP 22** – Parking
- **LP 24** - Design
- **LP 53** - Contaminated land
- **LP 57** – Extension, alteration or replacement within Green Belt

Kirklees Council adopted supplementary planning guidance on house extensions on 29th June 2021 which now carries full weight in decision making. This guidance indicates how the Council will usually interpret its policies regarding such built development, although the general thrust of the advice is aligned with both the Kirklees Local Plan (KLP) and the National Planning Policy Framework (NPPF), requiring development to be considerate in terms of the character of the host property and the wider street scene. As such, it is anticipated that this SPD will assist with ensuring enhanced consistency in both approach and outcomes relating to house extensions.

National Policies and Guidance:

National planning policy and guidance is set out in National Policy Statements, primarily the National Planning Policy Framework (NPPF) published 20th July 2021, and the Planning Practice Guidance Suite (PPGS) first launched 6th March 2014 together with Circulars, Ministerial Statements and associated technical guidance.

The NPPF constitutes guidance for local planning authorities and is a material consideration in determining applications.

- Chapter 12 – Achieving well-designed places
- Chapter 13 – Protecting green belt land
- Chapter 14 – Meeting the challenge of climate change, flooding and coastal change

Assessment

Principle of development:

Although the house is located on land which is unallocated, the area for the extension is within the Green Belt on the Kirklees Local Plan Proposals Map. As such a key consideration will be its impact on the Green Belt and it will be assessed having regard to Policy LP57 and NPPF chapter 13. In addition, the impact of the development on design grounds, residential amenity and highway safety will also be considered along with, biodiversity and all other material considerations and representations received.

Green Belt:

The NPPF identifies that the fundamental aim of Green Belt policy is to prevent urban sprawl by keeping land permanently open. The NPPF also identifies five purposes of the Green Belt. Paragraph 147 of the NPPF states that inappropriate development should not be approved except in 'very special circumstances'.

Paragraphs 149 and 150 of the NPPF set out that certain forms of development are exceptions to 'inappropriate development'. Paragraph 149 sets out that the extension or alteration of a building could be appropriate provided it does not result in disproportionate additions over and above the size of the original building. Policy LP57 of the Kirklees Local Plan is consistent with advice within the NPPF. Policy LP57 of the Local Plan relates to the extension, alteration and replacement of existing buildings in the Green Belt. In the case of extensions, it notes that these will be acceptable provided that the original building remains the dominant element both in terms of size and overall appearance.

Policy LP57 also outlines that such development should not result in a greater impact on openness in terms of the treatment of outdoor areas, including hard standing, curtilages and enclosures and means of access. Further to this, Policy LP57 states that with such development, the design and materials should have regard to relevant design policies to ensure that the resultant development does not materially detract from its Green Belt setting.

The dwelling itself, although not within the Green Belt, has had a number of previous extensions including a large porch on the front elevation and a storey and half extension. It is noted that a similar proposal (albeit slightly larger) was refused and dismissed at appeal in 2007 and indeed the dwelling has been enlarged in the interim with the rear extensions which were approved in 2008 (on unallocated land). The extension proposed to the side would lie within the green belt, however this would not result in a disproportionate

addition to the dwelling, is set back and set down forming a subservient relationship with the main house and as it is sited on the end of a building group would not impact on the openness of the green belt and as such complies with Policy LP57 of the KLP along with advice within chapter 13 of the NPPF.

Impact on visual amenity:

Key Design Principle 1 of the House Extensions & Alterations SPD does state that extensions and alterations to residential properties should be in keeping with the appearance, scale, design and local character of the area and the street scene. Furthermore, Key Design Principle 2 of the House Extensions & Alterations SPD goes on to state that extensions should not dominate or be larger than the original house and should be in keeping with the existing building in terms of scale, materials and details.

The extension would be constructed using matching materials and has appropriate detailing and does include the retention of reasonable space around the building. The extension is set back from the front of the property and the roof form is set down which would form a subservient relationship. The extension is therefore considered to be acceptable in terms of visual amenity.

Having taken the above into account, the proposed extension would not cause any significant harm to the visual amenity of either the host dwelling or the wider street scene, complying with Policy LP24 of the Kirklees Local Plan (a) in terms of the form, scale and layout and (c) as the extension would form a subservient addition to the property in keeping with the existing building, KDP 1 & 2 of the House Extension & Alterations SPD and the aims of chapter 12 of the National Planning Policy Framework.

Impact on residential amenity:

Consideration in relation to the impact on the residential amenity of neighbouring occupants shall now be set out, taking into account policy LP24 c), which sets out that proposals should promote good design by, amongst other things, extensions minimising impact on residential amenity of future and neighbouring occupiers. The House Extensions & Alterations SPD goes into further detail with respect to Key Design Principle 3 on privacy, Key Design Principle 5 on overshadowing/loss of light and Key Design Principle 6 on preventing overbearing impact.

The scheme is considered to be acceptable in terms of KDP3 – privacy, KDP5 – overshadowing and KDP 6 – overbearing impact of the House Extension & Alterations SPD, policy LP24 of the KLP c) in term of minimising impact on neighbouring occupiers and advice within chapter 12, paragraph 130 of the NPPF as there are no neighbours which could be affected by the works proposed.

Having considered the above factors, the proposals are not considered to result in any adverse impact upon the residential amenity of any surrounding neighbouring occupants, complying with Policy LP24 of the Kirklees Local Plan (b) in terms of the amenities of neighbouring properties, Key Design Principles 3, 5, 6 & 7 of the House Extension & Alterations SPD and Paragraph 130 (f) of the National Planning Policy Framework.

Impact on highway safety:

The proposals will result in some intensification of the domestic use. However, the parking area to the side of the property would not be affected by the proposed extension and is considered to represent a sufficient provision. Bin storage for the dwelling is on the front corner of the house and would not be moved as part of the proposals. As such the scheme would not represent any additional harm in terms of highway safety and as such complies with Policy LP22 of the Kirklees Local Plan along with Key Design Principles 15 & 16 of the House Extension & Alterations SPD.

Other matters:

Contaminated Land

The property is close to a potential source of contaminated land. However, given the limited scale of the domestic development, it would be considered to be sufficient, should permission be granted, to include a condition regarding the reporting of unexpected contamination to comply with Policy LP53 of the KLP.

Carbon Budget

The proposal is a small scale domestic development to an existing dwelling. As such, no special measures were required in terms of the planning application with regards to carbon emissions. However, there are controls in terms of Building Regulations which will need to be adhered to as part of the construction process which will require compliance with national standards.

There are no other matters for consideration.

Representations:

None

Proposed conditions

Along with the standard timescale condition, which is a requirement of Section 91 of the Town and Country Planning Act 1990, it is considered appropriate to add the following conditions.

Accordance with the approved plans to ensure the development is carried out in line with the officer's assessment.

Matching materials to ensure that the extensions harmonise with the host property as using alternative materials would look out of place within the street scene.

Conclusion:

This application to erect a two storey extension to the side of Meadow Cottage has been assessed against relevant policies in the development plan as listed in the policy section of the report, the House Extension & Alterations SPD, the National Planning Policy Framework and other material considerations.

The NPPF has introduced a presumption in favour of sustainable development. The policies set out in the NPPF taken as a whole constitute the Government's view of what sustainable development means in practice.

As set out above, this application has been assessed against relevant policies in the development plan and other material considerations. It is considered that the development would constitute sustainable development and is therefore recommended for approval.

Recommendation

Approve

Decision Authorisation - Delegated Powers

Application Number: 2023/91270

Officer Recommendation: Approve

Conditions and Reasons

1. The development hereby permitted shall be begun within three years of the date of this permission.

Reason: Pursuant to the requirements of Section 91 of the Town and Country Planning Act 1990.

2. The development hereby permitted shall be carried out in complete accordance with the plans and specifications schedule listed in this decision notice, except as may be specified in the conditions attached to this permission, which shall in all cases take precedence.

Reason: For the avoidance of doubt as to what is being permitted and so as to ensure the satisfactory appearance of the development on completion, and to accord with Policy LP24 of the Kirklees Local Plan, Key Design Principles of the House Extensions & Alterations SPD and the aims of the National Planning Policy Framework.

3. The external walls and roofing materials of the extension hereby approved shall in all respects match those used in the construction of the existing building.

Reason: In the interests of visual amenity and to accord with Policy LP24 of the Kirklees Local Plan, Key Design Principles of the House Extensions & Alterations SPD and the aims of chapter 12 of the National Planning Policy Framework.

NOTE: The granting of planning permission does not override any private legal rights or consents that may be required. It is the responsibility of the applicant / developer to ensure that all appropriate consents are in place prior to any development commencing; during the period of construction existing access for neighbouring properties is maintained; and no damage is caused to the access driveway or surrounding properties.

NOTE: To minimise noise disturbance at nearby premises it is generally recommended that activities relating to the erection, construction, alteration, repair or maintenance of buildings, structures or roads shall not take place outside the hours of:

07.30 and 18.30 hours, Mondays to Fridays

08.00 and 13.00hours, Saturdays

With no working Sundays or Public Holidays

In some cases, different site specific hours of operation may be appropriate. Under the Control of Pollution Act 1974, Section 60 Kirklees Environment and Transportation Services can control noise from construction sites by serving a notice. This notice can specify the hours during which the works may be carried out.

Plans and specifications schedule: -

Plan Type	Reference	Web ID	Date Received
Location plan	-	988809	12/05/2023
Block plan	-	988385	12/05/2023
Existing plans	-	988386	12/05/2023
Proposed plans	-	988387	12/05/2023
Climate change statement	-	988808	12/05/2023

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 and guidance in the National Planning Policy Framework, the Local Planning Authority have, where possible, made a pre-application advice service available, complied with the Kirklees Development Management Charter 2015 and otherwise actively engaged with the applicant in dealing with the application.

As the submitted plans were considered to be acceptable, no changes were sought.
