I wish to object to this application on the grounds of of noise, pollution and the impact on highway safety by the movement of additional Heavy Goods Vehicles entering and leaving the site from/to the A639 Barnsley Road every six minutes. Contrary to the view in the 'Consultation' supporting the application, that there will be little impact to traffic flow, there is bound to be substantial impact on this busy road particularly with very large heavily laden articulated vehicles (as described in the application) pulling out slowly to turn right up the hill en route to Hove Edge. This is bound to cause delays and tailbacks and is potentially dangerous at certain times in the day.
