I object to these plans. As a former resident of Cumberworth Lane, Upper Cumberworth, I feel that the current high level of heavy vehicles using the lane through the village, if increased, would create further damage to the highway, increased noise, and greater disturbance to residents. The narrow double bend in the road near the church is already dangerous to both drivers and pedestrians. Any increase in the volume of traffic, especially by heavily-laden wagons transporting quarried materials, would considerably increase the dangers and hazards in the village.
