I wish to objected to the proposed quarry development at Bromley Farm Quarry as I believe it would be detrimental to the local area impacting upon wildlife, health and wellbeing of the local community. The noise and disruption outlined on the plan due to the proposed HGV's arriving and leaving the site every 6 minutes would be huge. The A635 is already a very busy road and that amount of HGV's would have an impact upon noise, safety and pollution. The proposed development of the quarry brings nothing positive to the local area/community therefore I request that the local council decline this application
