I object to the planning application for Bromley Farm as a resident of Upper Cumberworth for over 50 years. The increase in traffic will cause a potential escalation of accidents on numerous 'A' roads in the area. It will detrimentally affect the health and well-being of residents. It will drive down house prices. It will ruin the semi rural village life which attracts people into the community. It will cause noise and air pollution. It will affect public footpaths in the area. In Summary: there are no positives to support the application and therefore it must not be passed.
