| <p>I wish to object to the proposed quarrying activities at Bromley Park Farm :-<br/>The dust associated with the proposed quarrying of clay especially will be significant enough to cause breathing problems to local residents and those living enroute to Crows Edge from Bramley Farm.<br/>The roads that these HGVs will use taking the clay etc from Bramley Farm to Crows Edge through the conservation village of Upper Cumberworth are highly unsuitable for such heavy goods vehicles. Most are either residential or narrow, winding country roads. The lorries will have to cross the busy, fast A629 at crossroads that have no traffic lights or roundabouts making it a safety issue.<br/>Carr Hill Road will be used as a shortcut for the HGVs trying to avoid the A629/A635 Sovereign Junction. This road is residential without a footpath in most parts and has already prompted numerous police meetings with council officials.<br/>I therefore hope that this proposed planning application will be refused by a council that claims to be environmentally conscious as open mining for clay, shale etc should have no place in todays world especially near a school with young children.</p> |     |
