Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
The Transport Statement does not take into account the routes the HGV's will take to and from the access road nor the impact there will be on residential areas. Carr Hill Road is used as short cut now by HGV's and other traffic. This is a residential road used by walkers, horse riders, cyclists and children. The 30mph speed limit and 3.5 ton weight limit from the A629 to the A635 going down Carr Hill Road is not enforced. 120 HGVs a day will cause pollution, noise and disruption to Carr Hill Road and the surrounding areas for five and half days a week. If the 3.5 ton weight limit were to be restricted going up Carr Hill Road from the A635 to the A629 it would stop all HGV's.
