I have lived on Carrhill Road for 20 years, The number of HGV's have increased by a staggering amount over recent years. Due to the increase in traffic I am virtually a prisoner in my home. I am unable to venture out of my drive because there is no causeway for me to use. Plus the number of vehicles that queue past our property to get onto the main road is unbelievable. The only way out is by car if someone is kind enough to let us out into the traffic. For the number of HGV's to increase even further is beyond belief. Then there is the environmental onslaught that all the extra diesel fuel fumes that will be created as well as the extra dust from the new quarry. This used to be a pleasant area where people came at weekends for walking etc. If this quarry goes ahead the HGV onslaught on the rat run that is now Carrhill Road will be unbearable.
