I wish to object to the proposed quarrying activities at Bromley Farm Quarry for the following reasons. This type of development in a residential area is unwanted by all but the developer. The increase in the number of HGV vehicles will be devastating to the local community causing higher levels of congestion, traffic fumes, dust and noise from 7.00am to 6.pm. 120 wagons passing each day would be horrendous in this small village. In dry weather the dust would blow over the local area affecting all residents in a detrimental way. The council needs to take into account the health and wellbeing of local residents.
