What is your complaint?: I want to register an objection to a planning application for a new quarry at Bromley Farm upper cumberworth

How would you like your complaint to be resolved?: For the planning application for a new quarry at Bromley Farm Upper Cumberworth to be denied. It needs to be denied for a number of reasons. Health and safety issues for the local residents - Noise, dust and dirt would increase rapidly for extended times of the day causing stress and disrupting home life. The roads are narrow with narrow or no pavements. Heavy vehicles would be passing dangerously close to pedestrians and horse riders. An accident waiting to happen! These roads cannot cope with the

volume of heavy traffic which would result from the quarry opening. The roads are already struggling to cope with the present traffic. I can see no benefit to the local community from the quarry only dirt, noise, pollution, damage to the environment and danger.

I STRONGLY OBJECT to the planning application at Bromley Farm Upper Cumberworth.
