I would like to register my objection to this application, on the grounds that the proposed destination of the 120 lorries per day would involve travelling along rural B class roads namely, Park Head Lane and Haddingley Lane. These lanes are frequented by walkers, runners, horse riders and cyclists, whose vulnerability due to the lack of pavements and street lighting is already high,; therefore allowing this volume of HGV traffic would be a very reckless decision, without the installation of at least safe pathways to protect these vulnerable groups.
