What is the application for?:	Quarrying operations for the extraction of clay, shale and incidental coal and s
Address of the site or building:	Bromley Farm Quarry, Barnsley Road, Upper Cumberworth, Huddersfield, HD8 8PD
Postcode:	S36 4HG

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
I object as an individual to the plans for the quarry as now listed for several reasons.: I am concerned about the significant traffic impact on surrounding roads. I understand there has been a transport assessment but that this contains incorrect calculations and does not address the issue of the narrow road which is Cumberworth Lane - this road being the only access to the school and post office for those of us who live in Lower Cumberworth. Further there may be clay to be transported by HGVs, and again the road is completely unsuitable for this. The highway safety is already very challenging due to current traffic flows and there are accidents which seem to go unrecorded as a factor, because fortunately no-one to my knowledge has died! The air quality assessment appears to relate to the wrong place eg Grantham not Cumberworth. There is a risk of noise and disturbance to the area. We have lovely wildlife which I observe daily on my walks along the public footpath including deer , badgers, birds etc
