

Consultation Response from KC, Trees
2023/91280 Bromley Farm Quarry, Barnsley Road, Upper Cumberworth, Huddersfield, HD8 8PD
Quarrying operations for the extraction of clay, shale and incidental coal and subsequent restoration by means of importation of inert wastes
Date Responded: 09/01/2024 Responding Officer: D. Atkinson Responding Ref:

Thank you for the consultation and I sincerely apologise for the late reply.

Following a site visit and clarification on the site layout to provide better clearance of the woodland adjacent and inclusion of appropriate measures to protect the woodland from run-off soil contamination.

The RPAs and canopies of the trees don't appear likely to be significantly impacted and where there is minor impact there is scope for the trees compensate within their contiguous RPAs.

The treatment of run-off/contamination providing the measures are acceptable from a KC Lead Local Flood Authority are also acceptable from a KC Trees perspective.

As a result, there is no further objection from a trees perspective and at the moment it isn't considered necessary to include tree related conditions or informative.
