Please arrange for the inclusion of the following condition.

1. No development shall take place until the design and construction details for all temporary and permanent retaining structures supporting Cumberworth Lane have been approved in writing by the Council's Highways Structures Section. The details shall include a design statement, fully dimensioned X-sectional details, all necessary ground investigations on which design assumptions are based on, method statements for both temporary and permanent works, removal of any bulk excavations, a full slope stability analysis including calculations together with all associated safety measures for the protection of adjacent public highway. Subject to the results and the outcome of the ground investigation undertaken at this site, the analysis should also identify any remedial measures required to deal with instability issues and these will need to be submitted to and agreed in writing by the Council's Highways Structures team prior to their implementation and shall be so maintained throughout the life of the development.
