I work in one of the commercial units on Ruth Street located directly opposite to where the proposed site will be developed.

My concerns with this development is that it will take a substantial amount of construction work to complete this project which will negatively impact my business due to major disturbances caused.

My business will be in danger due to a loss of customers caused by limited access, restrictions to parking and noise disturbances.

As a self-employed person, I will be out of work and there are currently no suitable units available elsewhere in the Newsome area for my business.

I am protesting against this development as it will impact my business as well as many other businesses in the local area.
